

St Michael's CE Primary School

Our Curriculum Drivers: PSHE

Curiosity	Determination & Resilience	Responsibility
<p>PSHE at St Michael's encourages children to be curious about themselves, others, and the world around them. Pupils are inspired to ask thoughtful questions, explore emotions, relationships, and values, and develop a deeper understanding of their own identity and place in society. We nurture a safe space for children to discover how they can grow into confident, respectful and compassionate individuals.</p> <p><i>"Fostering the joy of anticipation, investigation and discovery."</i></p>	<p>PSHE supports children in developing the emotional strength and resilience needed to navigate life's challenges. We help pupils build self-awareness, confidence, and problem-solving skills, encouraging them to persevere through difficulties and advocate for themselves and others. Determination is key to developing healthy relationships, managing emotions, and making positive choices.</p> <p><i>"We want children to develop and hold attitudes and abilities including self-awareness, resilience, assertiveness, creativity, pride, problem solving and self-advocacy skills."</i></p>	<p>Our PSHE curriculum empowers children to take responsibility for their actions, decisions, and well-being. Pupils learn about rights and responsibilities, the impact of their behaviour on others, and how to contribute positively to their communities. We encourage children to be trustworthy, reflective, and accountable, helping them grow into responsible citizens who care for themselves and those around them.</p> <p><i>"Responsibility involves making decisions, being trusted, and learning to take credit for one's actions – whether good or bad."</i></p>
