This is the Child Protection Policy for St Michael's CE Primary School

How we create a culture in which all children are safeguarded in our community

At St Michael's CE Primary School we are committed to safeguarding and the welfare of all children. We have an invested system of trusted, highly trained and experienced adults which enables us to keep our children safe. We have an open and sharing environment including information sharing amongst all staff and outside agencies.

The specific challenges that we face in our community

Our community is within an area of relatively high social deprivation. There is a significant elderly population within the local area. Due to the town's location, there is limited access to resources, opportunities for employment, skills and training.

The partners we work with to ensure our children are safe

We work closely with our local pyramid of schools including the secondary school where shared families attend. We work closely with Dorset CHAD and have links with Dorset Children Services and the Early help team. We also access support from other agencies such as CAMHS as well as Devon and Somerset Children's services as we are close to these county borders.

How we work with parents to ensure that all children are safe

We use our website and school messaging system to provide parents with information about policies, practises and other local support. We also provide signposting to Nation agencies such as the NSPCC. We work closely with families to offer support and advice.

How we work with staff to ensure that this policy is followed

Training for DSL and DDSL is refreshed every two weeks and all staff receive training at Level 3. All staff receive a yearly update including KCSIE, Code of Conduct and Child Protection Policy. As part of their induction to the school, all staff and volunteers are given training in child protection procedures.

Introduction

The child protection policy for schools within the Diocese of Salisbury Academy Trust is based on a template provided by Devon Education Services (DES), our safeguarding advisors; it reflects Inter-Agency Safeguarding Procedures and the latest versions of national statutory guidance: [Working Together to Safeguard Children](#) and [Keeping Children Safe in Education](#). It is adapted as required to suit the needs of our Wiltshire and Dorset schools and to comply with the similar procedures of the Local Authority.

In addition to the contacts on the front page, the DSAT Safeguarding Lead Advisor is Lara Stead, Devon Education Services. Contact details are held in schools and the DSAT office for staff to access if required.

Safeguarding Policy

The Diocese of Salisbury Academy Trust and its schools recognise that the welfare of the child is paramount: the needs and wishes of each child will be put first. Throughout this document, 'child' refers to a young person under the age of 18.

We take seriously our duty to safeguard and promote the welfare of the children and young people in our care.

Safeguarding children is everyone's responsibility. [Working Together to Safeguard Children](#) 2026, HM Government statutory guidance, defines safeguarding as:

- Protecting children from maltreatment;
- Preventing impairment of children's health or development;
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- Promoting the upbringing of children with their birth parents, or otherwise their family network⁴ through a kinship care arrangement, whenever possible and where this is in the best interests of the children; and
- Taking action to enable all children to have the best life chances.

The Trust Board recognises its statutory obligations as the Governors of all schools within the Trust and as such the requirements on it from [Working Together to Safeguard Children](#) (2026) and [Keeping Children Safe in Education](#) (2026). The Board has in place arrangements that reflect the importance of safeguarding and promoting the welfare of children.

- A clear line of accountability for the commissioning and/or provision of services designed to safeguard and promote the welfare of children.
- A senior board level lead to take leadership responsibility for the organisation's safeguarding arrangements.
- A culture of listening to children and taking account of their wishes and feelings, both in individual decisions and the development of services.
- Arrangements which set out clearly the processes for sharing information, with other professionals and with the Local Authority
- A designated professional lead for safeguarding.
- Safe recruitment practices for individuals whom the organisation will permit to work regularly with children, including policies on when to obtain a criminal record check.
- Appropriate supervision and support for staff, including undertaking regular and frequent safeguarding training.
- Employers are responsible for ensuring that their staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children and creating an environment where staff feel able to raise concerns and feel supported in their safeguarding role.

- Staff should be given a mandatory induction, which includes familiarisation with child protection responsibilities and procedures to be followed if anyone has any concerns about a child's safety or welfare.
- All professionals should have regular reviews of their own practice to ensure they improve over time.
- Clear policies in line with those from the LA for dealing with allegations against people who work with children.

Therefore, the Trust Board will:

- Appoint a senior member of the Executive staff as the professional lead for Safeguarding, with responsibility to oversee the implementation and management of this policy.
- Appoint a Board Director with the responsibility of overseeing of all safeguarding arrangements in the Trust.
- Review our safeguarding policy on an annual basis with our external provider and receive regular reports from the CEO and Safeguarding Trustee in relation to on-going practice in our schools.
- Task the Professional Lead for Safeguarding to review on a regular basis the requirements of all LAs relevant to our schools and to amend this policy accordingly.
- Ensure the Board all undergo annual training to maintain their understanding and recognition of the importance of safeguarding.
- Co-ordinate through the Professional Lead for Safeguarding, regular meetings for the Designated Safeguarding Leads in each school and opportunities for supervision.

The Trust Board will delegate the following functions to the local governors through the Academy Standards and Ethos Committee (ASEC) in each of its schools:

- Appoint a member of the ASEC to be local safeguarding governor and liaise with the Trust designated staff, local authority and/or partner agencies on issues of child protection and in the event of allegations of abuse made against the Headteacher;
- Appointment of a Designated Safeguarding Lead;
- Ensure there is an effective local version of this child protection policy in place together with a staff behaviour policy (code of conduct). Both will be provided to all staff – including temporary staff and volunteers – on induction;
- Receive the annual safeguarding audit from the Designated Safeguarding Leader and/or the nominated local governor;
- Prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required; and ensuring volunteers are appropriately supervised;
- Review training provision to ensure that appropriate training is in place so that staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children and creating an environment where staff feel able to raise concerns and feel supported in their safeguarding role.

The local safeguarding governor shall report to the Professional Lead for Safeguarding, or if necessary the Appointed Trustee immediately following any actions taken under the delegated responsibilities above.

The ASEC are accountable for ensuring that the school meets its statutory responsibilities for safeguarding and that all policies and procedures are in place and effective. At all times they will be supported by the Trust Board.

As recommended by the local safeguarding partnerships, the ASEC will receive an annual report from the Designated Safeguarding Lead and nominated governor in order to help monitor compliance with statutory responsibilities.

Each school is also expected to complete and submit to its Local Authority an annual audit of its safeguarding and child protection arrangements, including an action plan, in line with requests made by the LA.

All children have the right to be safeguarded from harm or exploitation whatever their

- Age
- Health or disability
- Gender or sexual orientation
- Race, religion, belief or first language
- Political or immigration status

ASEC members, staff and regular volunteers in this school understand the importance of taking appropriate action and working in partnership with children, their parents/carers and other agencies in order to safeguard children and promote their welfare.

The purpose of this policy is to:

- Afford protection for all pupils
- Enable staff and volunteers to safeguard and promote the welfare of children
- Promote a culture which makes this school a safe place to learn and in which children feel safe

This policy applies to the Headteacher, all staff, including supply and peripatetic staff, regular volunteers (i.e. those who come into school once a week or more or 3 times in a 30-day period), all staff employed by the Trust who attend the school, ASEC members, Trustees or anyone working on behalf of the school.

We will endeavour to safeguard children and young people by:

- Always acting in their best interests;
- Valuing them, listening to and respecting them;
- Involving them in decisions which affect them;
- Never tolerating bullying, homophobic behaviour, racism, sexism or any other forms of discrimination, including through use of technology;
- Ensuring the curriculum affords a range of opportunities to learn about keeping themselves safe, particularly when using technology;
- Exercising our duties under the Counter-Terrorism and Security Act 2015 by ensuring all staff attend 'Prevent' training in respect of radicalisation and extremist behaviour and by assessing the risk of our pupils being drawn into terrorism;
- Supporting attendance and taking action if a child is missing school regularly;
- Appointing a senior member of staff from our leadership team as the Designated Safeguarding Lead and ensuring this person has the time, funding, training, resources and support to perform the role effectively;
- Appointing at least one Deputy Designated Safeguarding Lead to ensure there is always someone available during school hours for staff to discuss any safeguarding concerns;
- Appointing a Designated Teacher to promote the educational achievement of children who are looked after/in care (this is mandatory in our schools) and to work closely with the virtual school head to discuss how pupil premium plus additional funding can support the progress of these children;
- Ensuring that staff working with Looked After Children have information appropriate to their role regarding, for example, the child's care arrangements, legal status and contact with birth parents;
- Making sure all staff and volunteers are aware of and committed to the safeguarding policy and child protection procedures and also understand their individual responsibility to take action;

- Ensuring that all those named above (i.e. DSLs and Deputy DSLs; Designated Teacher; Headteacher, all staff and regular volunteers) have training appropriate to their roles as set out in statutory guidance or recommended by the Local Authority;
- Identifying any concerns early and providing appropriate help to prevent them from escalating, including working with parents / carers and other agencies as appropriate – this may be through support offered by a senior leader or pastoral support workers in our schools;
- Sharing information about child safeguarding concerns with agencies who need to know, and involving children and their parents/carers appropriately;
- Acknowledging and actively promoting that multi-agency working is the best way to promote the welfare of children and protect them from harm;
- Taking the right action, in accordance with Dorset and Wiltshire LA inter-agency safeguarding procedures, if a child discloses or there are indicators of abuse;
- Keeping clear, accurate and contemporaneous safeguarding and child protection records;
- Recruiting staff and volunteers (including host families) safely, ensuring all necessary checks are made in accordance with statutory guidance and legal requirements and also making sure that at least one appointment panel member has undertaken safer recruitment training;
- Providing effective management for the above through induction, support and regular training appropriate to role;
- Adopting a code of conduct for all staff and volunteers which includes acceptable use of technologies, staff / pupil relationships and communications including the use of social media;
- Ensuring our online safety process includes appropriate filters and monitoring systems;
- Ensuring staff and volunteers understand about ‘whistle blowing’ and how to escalate concerns about pupils or staff if they think the right action has not been taken to safeguard children;
- Promoting a culture in which staff feel able to report to senior leaders what they consider to be unacceptable behaviour or breaches of the Trust Code of Conduct by their colleagues, having faith that they will be listened to and appropriate action taken;
- Dealing appropriately with any allegations/concerns about the behaviour of staff or volunteers in accordance with the process set out in statutory guidance.

This child protection policy forms part of a suite of policies and other documents which relate to the wider safeguarding responsibilities of the Trust. In particular it should be read in conjunction with the:

- Staff behaviour policy (code of conduct) – all staff should be familiar with this document;
- E-safety policies for pupils and staff, which include use of mobile technologies;
- Recruitment, selection and disclosure policy and procedure within the Employment Manual;
- Restrictive Interventions;
- Procedures to handle allegations against members of staff and volunteers, including referring to the Disclosure and Barring Service (when appropriate);
- Whistle blowing policy;
- Procedures to respond appropriately when children are missing education
- Anti-bullying procedures and behaviour policy;
- [Keeping Children Safe in Education](#) (2026) – all staff are expected to have read Part One and Annex A

These policies and procedures are stored electronically within the Academy Trust and are available through our website or on request from our offices. Individual schools also hold these documents.

6. Recognising and Responding to Safeguarding Concerns – ‘It could happen here’

Recognise:

All staff should recognise that any child, in any setting, can be a victim of abuse and maintain an attitude of “it could happen here.” Safeguarding issues are often complex and overlapping, with multiple factors present rather than isolated concerns.

Abuse, neglect, and exploitation are forms of maltreatment that can occur through harm caused or failure to prevent harm. These may take place within the family, institutional, or community settings, and can involve adults or other children. Abuse can occur both offline and online, including through the use of technology to facilitate harm. Child-on-child abuse may also take place and such abuse is never acceptable, it will be taken seriously and not dismissed as ‘banter’.

Safeguarding concerns may also arise outside the home (contextual safeguarding), including risks such as sexual and criminal exploitation, serious youth violence, and radicalisation. Staff should also understand that behaviours such as substance misuse, truancy, and sexting can increase vulnerability and may be linked to child-on-child abuse.

Further details on the categories of abuse (physical, emotional, sexual, and neglect), indicators of harm, and specific safeguarding concerns are provided in the relevant statutory guidance, including [Keeping Children Safe in Education](#).

• Child missing or absent from education • Child missing from home or care • Child sexual exploitation (CSE), child criminal exploitation (CCE) • Bullying including cyberbullying • Domestic abuse • Drugs • Fabricated or induced illness • Faith abuse • Female genital mutilation (FGM) • Forced marriage • Gangs and youth violence	• Gender-based violence/violence against women and girls (VAWG) • Mental health difficulties • Private fostering • Radicalisation • Youth produced sexual imagery (sexting) • Teenage relationship abuse • Trafficking • Child on child abuse • Upskirting • Serious violence • Sexual harassment
--	---

Staff may sometimes suspect a pupil is at risk without clear evidence, noticing changes in behaviour, unusual work, or signs of distress. While these indicators may be linked to everyday life events (such as family changes, bereavement, or illness), they could also signal abuse or safeguarding concerns. Staff will be professionally curious around such situations they will also explore barriers to attendance.

In such situations, staff will provide the pupil and/or their parents with an opportunity to talk and offer support, for example by asking if they are okay or how they can help.

Responding:

- Following an initial conversation with the pupil, if the member of staff remains concerned, they should discuss their concerns with the DSL and put them in writing, see FLOW CHART A. Records should include:
 - a clear and comprehensive summary of the concern.
 - details of how the concern was followed up and resolved.
 - a note of any action taken, decisions reached and the outcome.

- If the pupil does begin to reveal that they are being harmed, staff should follow the advice in FLOW CHART A and in the table below 'pupil making a disclosure'.
- All concerns however small must be recorded and shared with the DSL as this information could provide the 'missing' piece of the bigger picture of the lived experience for the child.

FLOW CHART A

1. Offer reassurance, listen and take seriously what is being said. Never promise to keep secrets or be persuaded by the child, young person or their family not to take action.

2. Recognise that it is not your job to investigate, verify what is being said or examine the individual disclosing; this is the statutory responsibility of the child protection services and/or the Police.
However, it is important to ascertain relevant information.

3. Explain the process to the individual; that you will need to pass this information on, to whom, the reasons why and possible actions.

4. Any concerns will be recorded, including the child's voice, body map (if necessary) and other relevant information in line with our schools recording procedure. Concerns may also be shared with the DSL/DDSL verbally, these conversations will also be recorded in writing

If a pupil discloses to a member of staff

- We recognise that disclosure takes courage; children may feel fear, shame, guilt or may not understand they are being abused.
- A child's first experience of sharing concerns must be positive, as they may need to repeat their account to other professionals.

During their conversation with the pupil staff will

- Listen carefully and allow the child to speak freely.
- Remain calm, not show shock, and take the disclosure seriously.
- Reassure the child it is not their fault and they have done the right thing.
- Use open questions, avoid leading questions or assumptions.
- Allow silence and avoid pressure, judgement, or criticism.
- Avoid unnecessary physical contact.
- Explain what will happen next and that information cannot be kept secret.

Notifying Parents

- Concerns will usually be discussed with parents by the DSL/DDSL.
- If informing parents may increase risk, advice will be sought from the Local Authority Safeguarding Hub first.
- Parents will not be informed in cases such as forced marriage or honour-based abuse where this could increase harm; police involvement may be necessary.

Making a referral

- All concerns or disclosures must be reported immediately to the DSL.
- The DSL will decide if a referral to the Local Authority Safeguarding Hub or other support is required.
- Any staff member can make a referral if necessary.
- Parents and the child will usually be informed unless this increases risk.
- If a child remains at risk or their situation does not improve, further action should be taken.
- Immediate danger requires urgent referral to the Safeguarding Hub and/or police.
- The DSL must be informed of all referrals.

Supporting our Staff

- We recognise safeguarding cases can be distressing for staff.
- Support is provided through the DSL and access to further guidance as needed.

7. Early Help and Families First

Dorset and Wiltshire adopt a graduated approach to help, including universal services, Family Help (targeted early help) and statutory intervention.

Staff will identify children and families who may benefit from early intervention and will work with the DSL to initiate appropriate support, including the use of early help assessments and multi-agency planning.

Early help aims to prevent escalation of need and improve outcomes for children by addressing concerns at the earliest possible stage.

School recognises that some children may have additional vulnerabilities due to e.g. specific need, previous childhood trauma and staff will always be professionally curious and approach such situations in a relational manner, seeking to identify the child and family's needs and strengths to improve safeguarding outcomes and lived experience.

Any child may benefit from early help, but all school staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs.
- Has special educational needs (whether or not they have a statutory education, health and care plan).
- Is a young carer.
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups.
- Is frequently missing/goes missing from education, care or from home. (CME)
- Is misusing drugs or alcohol themselves.
- Is at risk of modern slavery, trafficking or exploitation.
- Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse.
- Has returned home to their family from care.
- Is showing early signs of abuse and/or neglect and/or exploitation.
- Is at risk of being radicalised or exploited.
- Is a privately fostered child.
- Has an imprisoned parent.
- Is experiencing mental health, wellbeing difficulties.

8. Recording, Confidentiality, Information Sharing and GDPR

The school recognises that effective safeguarding relies on timely, appropriate information sharing and accurate record-keeping. We work in line with [Working Together to Safeguard Children](#), [Keeping Children Safe in Education](#), and the Data Protection Act 2018.

Confidentiality and Information Sharing

- Safeguarding information is highly sensitive and shared only on a strict need-to-know basis, as determined by the DSL or Headteacher.
- All staff have a professional duty to share information to protect children; GDPR and the Data Protection Act 2018 do not prevent sharing where a child is at risk.
- Staff must not promise confidentiality to a child if it could compromise their safety.
- Concerns should normally be discussed with the DSL, Headteacher, or Chair of Governors, who will decide on further sharing. However, any staff member can make a referral if necessary.
- Parents will usually be informed of referrals unless doing so would increase risk or impede a criminal investigation.
- Information should be shared early to identify and respond to safeguarding concerns.
- All information sharing must be:
 - Necessary and proportionate
 - Relevant and adequate
 - Accurate
 - Timely
 - Secure

Recording Safeguarding Concerns

All staff must:

- Use the school's agreed recording system – My Concern.
- Record information factually, clearly, and promptly, including dates, times, and context.
- Include body maps where appropriate.
- Report concerns to the DSL immediately (verbally if urgent), followed by written records.
- Document decision-making, including thresholds, rationale, actions taken, support offered, and outcomes to the point of closure.
- Ensure the voice of the child is clearly captured.

Storage and Transfer of Records

- Safeguarding records are kept secure, confidential, and separate from pupil files.
- Records are managed in line with GDPR and statutory guidance.
- When a pupil transfers school, safeguarding files are shared securely and promptly (within 5 working days), with consideration for earlier information sharing where appropriate to support the child.

Inter-Agency Working

- The school will work collaboratively with external agencies and share relevant information to safeguard children effectively.

- Where appropriate, receiving settings may be involved in meetings (with consent) to support continuity of care.

9. Whistleblowing and Allegations Against Staff

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so. All staff should be aware of their duty to raise concerns, where they exist, about the management of safeguarding and child protection, which may include the attitude or actions of colleagues, poor or unsafe practice and potential failures in the school's safeguarding arrangements. If it becomes necessary to consult outside the school, they should speak in the first instance, to the LADO following the Whistleblowing and Managing Allegations Policy.

The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 line is available from 8:00 AM to 8:00 PM, Monday to Friday and email: help@nspcc.org.uk

Staff should follow the school's agreed process if they have a concern for the Headteacher through the Whistleblowing and Managing Allegations policy.

All school staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents/carers to be conducted in view of other adults. Guidance about conduct and safe practice, including safe use of mobile phones by staff and volunteers will be given at induction. All staff must adhere to the school's **Staff Code of Conduct** and safer working practice guidance.

This includes:

- Maintaining professional boundaries
- Using technology appropriately
- Avoiding behaviour that could be misinterpreted

1. All employees and volunteers must record in writing, any concerns they have about the practice or behaviour of a member of staff and share it with the Headteacher (or equivalent senior member of staff).

2. The Headteacher will make an assessment to determine if the matter is a 'low level concern' or an 'allegation' (this means that the concern may meet the harm threshold).

3. The Local Authority Designated Officer (LADO) will be contacted for all 'allegations' and the relevant guidance will be followed. If the Headteacher needs advice or guidance they should contact the LADO. If the allegation is against the Headteacher, the person receiving the allegation will contact the LADO or Chair of Governors directly.

4. Where concerns are considered to be 'low level' by the Headteacher, they should be managed in-line with part 4 of KCSiE and the wider school policies and procedures. The Designated Safeguarding Lead may be involved in this process.

5. If the concern relates to the Headteacher, the person receiving the information will immediately inform the Chair of Governors/Chair of the management committee/proprietor of an independent school [delete as appropriate] who will consult the LADO as above, without notifying the Headteacher first. [NB where the Headteacher is also the sole proprietor of an independent school the concerns should be reported directly to the LADO].

6. In the event of an allegation against the Headteacher, the decision to suspend will be made by the Chair of Governors with advice from the LADO.

Suspension of the member of staff, against whom an allegation has been made, needs careful consideration, and the Headteacher will seek the advice of the LADO, the Trust and an HR Consultant in making this decision. Staff, parents and governors are reminded that publication of material that may lead to the identification of a teacher who is the subject of an allegation is prohibited by law. Publication includes verbal conversations or writing, including content placed on social media sites. School will ensure that pupils are aware of how they can raise a concern should they be worried about the conduct of a member of staff. This may be for example by talking to a trusted adult or using an anonymous reporting slip.

10. Restrictive or Physical Intervention

- Restrictive or physical intervention will only be used as a last resort, where a child is at risk of harming themselves or others, and only the minimum force necessary will be applied.
- All incidents must be recorded and witnessed in line with the Restrictive Intervention Policy.
- Staff likely to use physical intervention will receive appropriate training.
- For children who may require planned physical intervention such plans will be agreed with pupils, parents and staff and included in care plans and/or risk assessments.
- Any intervention causing injury or distress may be subject to safeguarding or disciplinary procedures.
- Appropriate professional touch is recognised, and staff follow 'Safe Practice' guidance to maintain clear boundaries.

11. Online Safety

Our school recognises that online safety is a key component of safeguarding and that risks to children can occur both online and offline. Such risks can also include the use of Artificial Intelligence.

- Online safety is a whole-school responsibility and part of the safeguarding culture.
- Risks may include content, contact, conduct, and commerce harms.
- Children should be supported to use technology safely, respectfully, and responsibly.

The DSL will ensure appropriate filtering and monitoring systems are in place to safeguard pupils and with the support of the Governing Board hold regular review of systems to ensure effectiveness (as a minimum annually). Should incidents/online concerns be reported they will be treated as a disclosure of concern/ safeguarding issue: recorded, investigated and supported.

In addition, staff will:

- Receive regular training on online safety risks
- Model safe and appropriate use of technology

Further detail on schools' response to online and AI risks can be found [by clicking here](#).

12. Alternative Provision, Off Site Safeguarding

Where pupils attend alternative provision or off-site settings, the school will ensure that:

- Appropriate safeguarding arrangements are in place including visits to the provision
- Providers have suitable safeguarding policies, procedures and risk assessments
- Staff working with children are appropriately vetted
- There is clear communication between the school and the provider

The school retains overall responsibility for safeguarding pupils placed in alternative provision.

13. Safeguarding Through the Curriculum

The school recognises that safeguarding is not only about response, but also prevention through education.

Pupils are taught how to recognise risks, develop resilience, and keep themselves safe.

- Safeguarding education is embedded across the curriculum (e.g. RSHE, PSHE, computing, assemblies).
- Learning is age-appropriate, inclusive, and progressive.
- Pupils are supported to develop knowledge, skills, and confidence to stay safe in a range of contexts.

In line with statutory guidance, pupils are taught about:

- Child-on-Child abuse
- Substance misuse and risky behaviours
- Radicalisation and extremism (Prevent duty)

Wider Safeguarding Issues

- Staff respond appropriately to any concerns arising from learning

Partnership with Parents and Agencies

- The school works with parents to promote safeguarding messages at home
- External agencies may support delivery (e.g. police, health professionals)

14. Safeguarding Partnership Arrangements

The school works in accordance with the relevant local authority **Safeguarding Children Partnership** multi-agency safeguarding arrangements.

These arrangements are led by the three statutory safeguarding partners:

- Dorset/Wiltshire County Council
- NHS Dorset/Wiltshire
- Dorset/Wiltshire Police

The school will:

- Follow the Dorset/Wiltshire SCP policies and procedures and the Southwest Child Protection Procedures
- Apply the Dorset/Wiltshire Levels of Need framework to support decision-making and referrals
- Make referrals in line with local procedures
- Participate fully in multi-agency safeguarding arrangements, including Child Protection Conferences, Core Groups and strategy discussions
- Share information appropriately to safeguard children
- Follow the Dorset/Wiltshire SCP escalation protocol where there are professional disagreements to ensure that children's safety is prioritised
- Engage with and implement learning from Child Safeguarding Practice Reviews and local safeguarding learning

15. Escalation and Professional Challenge

We recognise the importance of professional curiosity and challenge in safeguarding children.

If a member of staff feels that:

- A safeguarding concern has not been taken seriously
- Appropriate action has not been taken
- A child remains at risk

They must:

- Escalate their concern to the DSL or senior leader
- Follow the school's escalation procedures
- Refer directly to children's social care if necessary

The school will support staff to challenge decisions and will follow local escalation (professional challenge) procedures where there are disagreements between agencies.
